### Street Lighting Rates

In addition to the energy charges identified above for National Grid’s delivery service under its street lighting rates, the customer will also be charged a luminaire fee and, if applicable, a pole charge. These charges vary depending upon the size and type of street light fixture servicing the customer. Please see each tariff for more information.

### X-01 Electric Propulsion Rate

This rate shall apply to any customer taking service for traction power at voltages of 69kV or greater.

### Back-up service rates

Business customers who receive all or a portion of their electric supply from a non-emergency on-site generator and expect the Company to supply retail delivery service when the generator is not supplying all of the intended load are placed on an applicable “Back-Up Service” rate. Please see the tariff for rate information, as well as other terms and conditions. Business rates that have a corresponding Back-Up Service rate are shown below:

**Rate**

- B-32 Customers with a facility demand of 25 kilowatts or more.

- B-62 Optional for customers with a facility demand of 5,000 kilowatts or more.

Customers with eligible net metering systems as defined in R.I. Public Laws of 2011, § 134 and 147 are exempt from back-up service rates.

### Energy Efficiency

Customers can visit ngrid.com/saveenergy for energy savings tips and incentives on a wide variety of energy efficient home equipment, such as smart power strips and programmable thermostats.

### Where Can I Get More Information?

If you have questions, need more detailed information, or would like copies of the actual tariff rate schedules mentioned above, please visit our web site at ngrid.com/ri-tariff or call Customer Service at 1-800-322-3223.

---

**Summary of Rates**

**Rhode Island 2016**

---

**About your electric bill**

Your monthly electric bill typically includes charges for:

1. Supply Services: the charges for electricity provided by a supplier of energy. Electricity supply is provided by a non-regulated power producer or, if the customer has not chosen a non-regulated power producer, by National Grid.

2. Delivery Services: the charges for the delivery of the electricity and various customer services and programs. National Grid is no longer in the power supply business. We are primarily a distribution company that delivers electricity produced by others. However, the Company has contractual arrangements with suppliers to provide electricity to customers who have not chosen a non-regulated power producer or, for whatever reason, have been dropped by their power supplier. ELECTRIC SERVICE WILL NOT BE TERMINATED IF A CUSTOMER IS DROPPED BY THEIR POWER SUPPLIER.

**Rate Regulation**

All of our rates are approved by the Public Utilities Commission (PUC) of Rhode Island, the regulatory agency responsible for ensuring that electric rates are fair. However, rates charged by non-regulated power producers are not regulated by the PUC.

**Supply Services**

Customers have the option of obtaining their power from a non-regulated power producer. For more information regarding the restructuring of the electric industry in Rhode Island or for a list of the current non-regulated power producers, please visit www.ripuc.org.

If a customer does not choose to buy electricity from a non-regulated power producer or the customer is dropped by a non-regulated power producer, National Grid will provide the customer with the necessary power supply under Standard Offer Service. These charges will be in addition to the charges for delivery.

**Standard Offer Service**

Customers who choose not to obtain their power from a non-regulated power producer will receive Standard Offer Service.

For Residential customers, Standard Offer Service is billed at a fixed per kWh price. The rate for Standard Offer Service typically changes every six months based on regulations and is subject to PUC approval.

For the Commercial Group, there are two pricing options. The first option is a variable price option which provides for monthly per kWh charges for a six month period. The second option is a fixed price option in which a six-month fixed per kWh price is in effect. The “customary” option for rate C-06 customers is the fixed price option. The “customary” option for all other customers in this group (rates G-02, S-10, S-06, S-05 and S-14) is the variable price option.

All customers will have the option to switch to the alternative pricing option at any time. The change to the alternative pricing option will occur on the next scheduled meter read date. Once the election has been made, the customer must remain on the chosen option for a period of at least twelve (12) months.

**Renewable Energy Standard Charge**

This charge, which applies to all customers receiving Standard Offer Service, is being collected for the purpose of acquiring a portion of Rhode Island’s energy supply from renewable energy resources, as required by R.I. General Laws § 39-26. The Renewable Energy Standard Charge is combined with the Standard Offer Service rate on customer bills and is included in Standard Offer Service Rate presented below.

**Standard Offer Service - Residential**

(effective 10/1/2016 - 3/31/2017)

| Residential Rate | 8.179¢ per kWh |

**Standard Offer Service - Commercial**

| Commercial Rate | 8.179¢ per kWh |

---

For more information, customers can visit ngrid.com/ri-tariff or call 1-800-322-3223.
Rates for A-16 Delivery Service

- **Customer Charge**: $5.00 per month
- **LIHEAP Enhancement Charge**: $0.73 per month
- **Renewable Energy Growth Charge**: $0.22 per month
- **Distribution Charge**: 4.278¢ per kWh
- **Renewable Energy Distribution Charge**: 0.344¢ per kWh
- **Transmission Charge**: 2.705¢ per kWh
- **Transition Charge**: (0.058)¢ per kWh
- **Energy Efficiency**: 1.107¢ per kWh

**A-60 – Low Income Rate**
Service under this rate is provided at a discount to the A-16 Basic Residential Rate. This delivery service rate is available only to qualified customers for all domestic purposes in an individual private dwelling or an individual apartment.

To qualify, a customer must be both:
1. Head of household or principal wage earner, and
2. Receiving Supplemental Security Income from the Social Security Administration, be eligible for the low-income home energy assistance program, or receive one of the following: Medicaid, Food Stamps, General Public Assistance or Family Independence Program Assistance (formerly AFDC).

Rates for A-60 Delivery Service

- **LIHEAP Enhancement Charge**: $0.73 per month
- **Renewable Energy Growth Charge**: $0.22 per month
- **Distribution Charge**: 2.931¢ per kWh
- **Renewable Energy Distribution Charge**: 0.344¢ per kWh
- **Transmission Charge**: 2.705¢ per kWh
- **Transition Charge**: (0.058)¢ per kWh
- **Energy Efficiency**: 1.107¢ per kWh

**Business rates**
This delivery service rate is available for all purposes and is primarily designed for small commercial and industrial customers.

**Rates for C-06 Delivery Service**

- **Customer Charge**: $10.00 per month
- **LIHEAP Enhancement Charge**: $0.73 per month
- **Renewable Energy Growth Charge**: $0.35 per month
- **Distribution Charge**: 3.852¢ per kWh
- **Renewable Energy Dist Charge**: 0.344¢ per kWh
- **Transmission Charge**: 2.566¢ per kWh
- **Transition Charge**: (0.058)¢ per kWh
- **Energy Efficiency**: 1.107¢ per kWh

If the kVA transformer capacity needed to serve a customer exceeds 25 kVA, the minimum charge will be increased by $1.85 for each kVA in excess of 25 kVA.

**G-02 – General C&I Rate**
The G-02 retail delivery rate is designed for midsize business customers with demand of 10 kilowatts or more. It is available for all purposes and is calculated as a demand charge plus an energy charge.

**Rates for G-02 Delivery Service**

- **Customer Charge**: $135.00 per month
- **LIHEAP Enhancement Charge**: $0.73 per month
- **Renewable Energy Growth Charge**: $3.37 per month
- **Distribution Charge**: 0.733¢ per kWh
- **Renewable Energy Dist Charge**: 0.344¢ per kWh
- **Transmission Charge**: $0.32 per kWh
- **Transition Charge**: (0.058)¢ per kWh
- **Energy Efficiency**: 1.107¢ per kWh

**G-32 – Large Demand Rate**
This delivery service rate is designed for large business customers. It is mandatory for any customer who has a 12-month average demand of 200kW or greater for three consecutive months. This rate contains a variety of special clauses and conditions. The G-32 rate also is open to customers using less than 200 kW.

**Rates for G-32 Delivery Service**

- **Customer Charge**: $825.00 per month
- **LIHEAP Enhancement Charge**: $0.73 per month
- **Renewable Energy Growth Charge**: $24.49 per month
- **Transmission Charge**: >200kW $4.44 per kW
- **Transmission Charge**: $3.97 per kW
- **Transmission Charge**: (0.058)¢ per kWh
- **Energy Efficiency**: 1.107¢ per kWh

**G-62 – Optional Large Demand Rate**
This retail delivery rate is designed for the Company's largest business customers. This rate is optional for any customer who has a 12-month maximum demand of 5,000 kW or greater on this rate.

**Rates for G-62 Delivery Service**

- **Customer Charge**: $17,000.00 per month
- **LIHEAP Enhancement Charge**: $0.73 per month
- **Renewable Energy Growth Charge**: $539.30 per month
- **Distribution Charge**: $3.81 per kW
- **Renewable Energy Dist Charge**: 0.344¢ per kWh
- **Transmission Charge**: $3.22 per kW
- **Transmission Charge**: 1.378¢ per kWh
- **Transition Charge**: (0.058)¢ per kWh
- **Energy Efficiency**: 1.107¢ per kWh

**Special clauses and conditions in commercial & industrial rates**
Customers on Rates B-32, B-62, G-02, G-32, and G-62 are eligible to receive a discount for high voltage metering and/or transformer ownership (high voltage delivery) if the customer meets the criteria for receipt of the discount. Rates C-06, G-02, G-32, and G-62 are eligible to receive a Gross Earnings Tax Credit consistent with the gross receipts’ tax exemption provided in Section 44-13-35 of Rhode Island General Laws. There also are other terms not summarized above. Please see each tariff for more information.

**S-10 – Limited Service – Private Lighting Service Rate**
The Company serves various customers under the S-10 delivery service rate for certain private lighting. This rate is not open to new customers.

**S-14 – General Street and Area Lighting Service Rate**
This delivery service rate is available to any city, town or other public authority for street lighting for municipality-owned or accepted roadways, including private ways.
