

Summary of Rates

Rhode Island business 2013

About our rates and services

National Grid offers several different rates for electric delivery service. The bill sent by the Company is usually divided into two parts:

(1) "Supply Services," which consists of electricity generated by a power producer. Power supply is provided by a competitive supplier or, if the customer has not chosen a competitive supplier, by National Grid.

(2) "Delivery Services," which consists of charges related to the delivery of the electricity.

National Grid is no longer in the power supply business. We are primarily a distribution company that delivers electricity produced by others. However, the Company has contractual arrangements with power producers to provide electricity to customers who have not chosen a supplier or, for whatever reason, have been dropped by their power supplier. **ELECTRIC SERVICE WILL NOT BE TERMINATED IF CUSTOMERS LOSE THEIR POWER SUPPLIER.**

In addition to the rates and charges listed in this insert, National Grid has other rates available for particular uses (i.e. residential, low income residential, commercial, etc.). You should notify the Company immediately if you are not being served on the most beneficial rate.

Rate Regulation

All of our rates are approved by the Public Utilities Commission (PUC) of Rhode Island. This regulatory agency is responsible for ensuring that electric rates are fair to customers and the Company alike. However, rates charged by competitive suppliers are not regulated by the PUC.

Supply Services

Customers have the option of obtaining their power from a non-regulated power producer. For more information regarding the restructuring of the electric industry in Rhode Island or for a list of the current non-regulated power producers, please visit www.ripuc.org.

If a non-regulated power producer is not chosen or the customer is dropped by a non-regulated power producer, National Grid will provide the customer with the necessary power supply under Standard Offer Service. This charge will be in addition to the delivery services charges.

Standard Offer Service

Customers who choose not to obtain their power from a non-regulated power producer will receive Standard Offer Service. This rate changes based on regulations. Please see the tariff for more information.

For the Commercial Group, there are two pricing options. The first option is a variable price option which provides for monthly fixed per kWh charges for a six month period. The second option is a fixed price option in which a six-month fixed per kWh price is in effect. The "customary" option for rate C-06 customers is the fixed price option. The "customary" option for all other customers in

this group (rates G-02, S-10, S-06 and S-14) is the variable price option.

All customers will have the option to switch to the alternative pricing option at any time. The change to the alternative pricing option will occur on the next scheduled meter read date. Once the election has been made, the customer must remain on the chosen option for a period of at least twelve (12) months.

For more information on Standard Offer Service, please visit www.nationalgrid.com (select "Rhode Island").

Renewable energy standard charge

Effective January 1, 2007, the Company implemented a Renewable Energy Standard Charge for all customers receiving Standard Offer Service. This charge is being collected for the purpose of acquiring a portion of Rhode Island's energy supply from renewable energy resources, as required by R.I. General Laws § 39-26-1.

Standard Offer Service

(provided by the Company effective 7/1/2013):

Commercial Group (C-06, G-02, S-06, S-10, S-14)

Fixed Price Option	6.950¢
Variable Price Option*	6.984¢

Industrial Customer Group* (G-32, G-62, B-32, B-62, X-01)

	6.502¢
--	--------

Renewable Energy Standard Charge	0.512¢
----------------------------------	--------

*rates vary monthly

Delivery Services

The following is a summary of National Grid rates in effect as of July 1, 2013. The charges listed may change from time to time. The descriptions are abbreviated summaries of the various rates available to our customers. The tariffs on file contain all of the actual terms and conditions and are available online.

C-06 Small C&I Rate

This delivery service rate is available for all purposes and is primarily designed for small commercial and industrial customers.

Rates for C-06 Delivery Service

Customer Charge	\$10.00 per month
LIHEAP Enhancement Charge	\$0.83 per month
Unmetered Charge	\$6.00 per month
Distribution Charge	3.424¢ per kWh
Renewable Energy Dist Charge	0.002¢ per kWh
Transmission Charge	2.204¢ per kWh
Transition Charge	0.162¢ per kWh
Energy Efficiency	0.906¢ per kWh

However, if the kVa transformer capacity needed to serve a customer exceeds 25 kVa, the minimum charge will be increased by \$1.85 for each kVa in excess of 25 kVa.

G-02 – General C&I Rate

The G-02 retail delivery rate is designed for mid-size commercial and industrial customers with demand of 10 kilowatts or more. It is available for all purposes and is calculated on a demand charge plus an energy charge.

Rates for G-02 Delivery Service

Customer Charge	\$135.00 per month
LIHEAP Enhancement Charge	\$0.83 per month
Demand Charge >10 kW	\$4.85 per kW
Distribution Charge	0.569¢ per kWh
Renewable Energy Dist Charge	0.002¢ per kWh
Transmission Charge	\$2.89 per kW
Transmission Charge	0.716¢ per kWh
Transition Charge	0.162¢ per kWh
Energy Efficiency	0.906¢ per kW

G-32 – Large Demand Rate

This delivery service rate is designed for large commercial and industrial customers. It is mandatory for any customer who has a 12-month average demand of 200kW or greater for three consecutive months. This rate contains a variety of special clauses and conditions.

The G-32 rate also is open to customers using less than 200 kW.

Rates for G-32 Delivery Service

Customer Charge	\$825.00 per month
LIHEAP Enhancement Charge	\$0.83 per month
Demand Charge > 200kW	\$3.70 per kW
Distribution Charge	0.599¢ per kWh
Renewable Energy Dist Charge	0.002¢ per kWh
Transmission Charge	\$3.23 per kW
Transmission Charge	0.842¢ per kWh
Transition Charge	0.162¢ per kWh
Energy Efficiency	0.906¢ per kWh

G-62 – Optional Large Demand Rate

This retail delivery rate is designed for the Company's largest commercial and industrial customers. This rate is optional for any customer who has a 12-month maximum demand of 5,000 kW or greater on this rate.

Rates for G-62 Delivery Service

Customer Charge	\$17,000.00 per month
LIHEAP Enhancement Charge	\$0.83 per month
Demand Charge	\$3.31 per kW
Distribution Charge	(0.042¢) per kWh
Renewable Energy Dist Charge	0.002¢ per kWh
Transmission Charge	\$3.23 per kW
Transmission Charge	0.710¢ per kWh
Transition Charge	0.162¢ per kWh
Energy Efficiency	0.906¢ per kWh

Special clauses and conditions in commercial & industrial rates
 Customers on Rates B-32, B-62, G-02, G-32, and G-62 are eligible to receive a discount for high voltage metering and/or transformer ownership (high voltage delivery) if the customer meets the criteria for receipt of the discount. Rates C-06, G-02, G-32, and G-62 are eligible to receive a Gross Earnings Tax Credit consistent with the gross receipts' tax exemption provided in Section 44-13-35 of Rhode Island General Laws. There also are other terms not summarized above. Please see each tariff for more information.

S-10 – Limited Service – Private Lighting Rate

The company serves various customers under the S-10 delivery service rate for certain private lighting. This rate is not open to new customers. The monthly charge covering the specific streetlight fixture serving the customer varies by size and type. Please see each tariff for more information.

S-14 – General Street and Area Lighting Service Rate

This delivery service rate is available to any city, town or other public authority for street lighting for municipality-owned or accepted roadways, including private ways. The cost varies depending upon the type of light, size of light, overhead or underground service and pole location. Please see the tariff for specific charges.

S-06 – Decorative Street and Area Lighting Service Rate

This delivery service rate is available for full service, underground served, decorative street and area lighting applications owned by the Company to a Customer, inclusive of municipalities, governmental entity, or other public authority in accordance with the qualifications and the specifications set forth in the tariff. The cost varies depending upon the type of lighting, size of light, overhead or underground service and pole location. Please see the tariff for specific charges.

Rates for S-06, S-10 and S-14 Delivery Service

LIHEAP Enhancement Charge	\$0.83 per month
Distribution Charge	1.297¢ per kWh
Renewable Energy Dist Charge	0.002¢ per kWh
Transmission Charge	1.189¢ per kWh
Transition Charge	0.162¢ per kWh
Energy Efficiency	0.906¢ per kWh

X-01 Electric Propulsion Rate

This rate shall apply to any customer taking service for traction power at voltages of 69kV or greater.

Customer Charge

Customer Charge	\$16,500.00 per month
LIHEAP Enhancement Charge	\$0.83 per month
Distribution Charge	1.705¢ per kWh
Renewable Energy Dist Charge	0.002¢ per kWh
Transmission Charge	\$3.23 per kW
Transmission Charge	0.710¢ per kWh
Transition Charge	0.162¢ per kWh
Energy Efficiency	0.906¢ per kWh

Back-up service rates

Commercial and industrial customers who receive all or a portion of their electric supply from a non-emergency on-site generator and expect the Company to supply retail delivery service when the generator is not supplying all of the intended load are placed on an applicable "Back-Up Service" rate. Please see the tariff for rate information, as well as other terms and conditions. Commercial and industrial rates that have a corresponding Back-Up Service rate are shown below:

Rate	
B-32	Customers with a facility demand of 25 kilowatts or more.
B-62	Optional for customers with a facility demand of 5,000 kilowatts or more.

Customers with eligible net metering systems as defined in R.I. Public Laws of 2011, § 134 and 147 are exempt from back-up service rates.

Where Can I Get More Information?

If you have questions, need more detailed information, or would like copies of the actual tariff rate schedules mentioned above, please visit our web site at www.nationalgrid.com and select "Rhode Island" or call Customer Service at **1-800-322-3223**.
