

Load Zones

The table below provides a general geographical description of each load zone in our Service Territory. Each load zone is broken down by region and municipality. This breakdown will provide the majority of customers with the correct information to determine which prices are applicable to them. However, a limited number of customers located near subzone and/or franchise borders may not correspond to the Zone locations below as the customer's electrical location is determined by the corresponding feeder and substation

Load Zone	Sub-Zone	Regions(s)	Municipalities
A	1	Frontier	Buffalo, Niagara Falls, Olean, Angola, Lakewood, Dunkirk
B	29	Genesee	Batavia, Brockport, Medina, Albion
C	2	Syracuse	Syracuse, Fulton, Oswego, Pulaski, Cortland
D	31	Adirondack	Lake Placid, Malone, Saranac Lake
E	3	Utica	Utica, Rome, Herkimer, Oneida, Watertown, Lowville, Potsdam, Ogdensburg
F	4	Capital	Albany, Schenectady, Troy, Hudson, Cobleskill, Amsterdam, Gloversville, Saratoga, Glens Falls, Ticonderoga

For a more detailed description of our load zones (broken down by counties, cities, towns, villages, and hamlets), please go to the PSC No. 220 Electricity tariff.
