Converting From Qualifying Facility to Net Metering

If you are registered as a Qualifying Facility, and have recently received a Net Metering cap allocation, we require the following documents to convert you from ‘QF’ to net metered. Please provide the following:

**If your generating system is greater than 60 kW:**
- Provide a letter on customers letterhead requesting termination of P- Rate
- Provide email from Massachusetts ACA documenting approval of Net Metering Cap Allocation
- Provide a signed Schedule Z

**If your generating system is less than 60 kW:**
- Provide email from Massachusetts ACA documenting approval of Net Metering Cap Allocation
- Provide a signed Schedule Z

Please send documents to: **Distributed.Generation@NationalGrid.com**
