**Accounting/Finance**

We are a growing global company that is in the forefront of a new era in the electric utility industry. You can be a part of it as a member of our Financial Reporting or Accounting Services departments in the U.S. We are seeking detail-oriented individuals with strong accounting and financial educational background or experience, and a passion for accuracy.

Your involvement in the Financial Reporting Department may include the following:

- International financial analysis and reporting of data to our parent company
- Preparation of financial statements, footnotes, and management's discussion and analysis for annual and quarterly reports filed with the Securities and Exchange Commission (SEC)
- Preparation of financial reports or schedules requested by the Federal Energy Regulatory Commission (FERC), the SEC, other agencies of the federal government, and state public utility commissions
- Preparation of analyses of operating results and important company ratios and statistics used throughout the organization.

Opportunities in our Accounting Services Department may include the following:

- Merger and acquisition analysis
- Monthly, quarterly, and year-end closing process, including journal entry preparation, account reconciliations, general ledger review, and analyses used by our internal and external auditors
- Review of sales and payroll tax filings, preparation of internal and external billings, and computation of various overhead rates, including those for employee benefits
- Preparation of quarterly analyses used by senior management in conjunction with boards of directors meetings of our subsidiaries

Candidates for our Financial Reporting and Accounting Services opportunities will be interviewed at National Grid's U.S. headquarters at 25 Research Drive, Westborough, Massachusetts.

If you are a college student or graduate whose areas of study including accounting and finance, we're interested in hearing from you. Check our job listing for currently available positions.
